Bani Sweif - Egypt,

Alfashin

PROFESSIONAL SUMMARY

I'm a junior back-end developer with 1+ of experience in Laravel and I'm ready to build small and medium websites. I have a proven track record of delivering high-quality projects on time, while collaborating with cross-functional teams to ensure project success. And I am looking to participate in complex projects as a challenge to learn more.

SKILLS

- PHP
- JavaScript (ES6)
- HTML5
